Holbein Painting Knives

Hand-forged in Seki Japan, these exquisite knives reflect skills honed over centuries of sword making. All Holbein knives are made from one piece of steel, a most important specification in the creation of predictable balance and adequate strength for years of reliable use. The 12 degree neck angle will allow the artist to hold the knife normally without point contact with the canvas surface. [34HOL...](#)

 MONTEVERDE USA

COLOR CHANGING

INK COLLECTION

Dive into a world of endless possibilities as the fountain pen ink metamorphoses from tranquil blue to passionate pink, or from sunshine red to mysterious yellow. Explore nine beautiful colors awaiting to showcase their hidden secret: Fuchsia/Yellow, Blue/Neon Yellow, Deep Blue/Pink, Brown/Green, Black/Green, Burgundy/Orange, Red/Yellow, Green/Pink, Purple/Yellow. The colors are accompanied by the Monteverde Ink Color Changer Solution. Traditionally exclusive to color changing markers, this innovative colorless liquid has been meticulously formulated to meet the exacting standards of fountain pen enthusiasts and therefore is completely fountain pen safe! Seamlessly integrating with any ink from the Color Changing Ink collection, the Monteverde Ink Color Changer Solution enables effortless color transitions like never before. Whether you choose to fill your fountain pen with the Monteverde Ink Color Changer Solution or employ a brush or dip pen, prepare to be captivated as the ink undergoes a breathtaking metamorphosis, revealing a palette of stunning hues before your very eyes. Made with Monteverde's European Ink Treatment Formula (ITF), it ensures smooth flow, extended cap-off time, and protects your pen's ink feeding system. Compatible with a wide range of fountain pens, it guarantees an effortless writing experience for writers, doodlers, and pen enthusiasts alike. Unleash the magic, add enchantment to your writing, and make every stroke a work of art with the new Monteverde Color Changing Ink Collection.

(Note: The Monteverde Color Changing Ink Collection is not responsible for any sudden bursts of creativity, spontaneous poetry, or uncontrollable whims that may occur while using our product. Enjoy responsibly!)

Williamsburg Oil Sets

Welcome to the new Williamsburg Handmade Oil Colors. It is our great privilege and honor to be entrusted with a legacy that Carl Plansky began over 25 years ago. Carl's first objective was to make paint that he loved to use. Williamsburg is truly a "painter's paint." It's not a homogenized product, but a range of individual colors that provide a rich and varied experience, yet harmonized to create a feel and balance unequalled by other modern oil colors. The quality and performance you expect from Williamsburg Handmade Oil Colors is now our commitment to you.

Flashe Vinyl Discovery Set

Discovery 6 x 20 ml tubes of Extra-Fine vinyl Flashe and matt varnish (120 ml) The must have 6 X 20 ml tubes of Fine Acrylic: Primary Yellow, Primary Red, Primary Blue, Ivory Black, Titanium White, Yellow Ochrelashe is much more than a matt acrylic paint. It liberates pigment intensity and luminosity in matt colours. The painter can then create and express themselves without being constrained by colour, space or time, finding joy in painting and spontaneity in their movements.

Sennelier Soft Pastel Sets

A Sennelier extra soft pastel is composed of high quality pure pigment ground with a natural transparent binder.

The manufacturing process of the Sennelier cylindrical pastel does not compress the paste and the pastel dries naturally in open air. The life span of a piece of work is guaranteed by the quality of the pastel, but also by the quality of the substrate. If a lot of overlapping is performed, it is preferable to fix between layers. Avoid, however, fixing the final layer too heavily, as the original vibration of tones will be lost.

What is Casein?

What is Casein?

- Origin:** Casein is a protein found in milk, primarily in cow's milk (skim milk).
- Historical Use:** It has been used for centuries in art as a binding agent for pigments. Originally an adhesive.

Casein Paint

- Water-Soluble:** The paint is water-soluble when wet, allowing for easy cleanup and blending.
- Durability:** Once dry, casein paint becomes water-resistant and fairly durable. Does not need varnish or to be framed under glass. Can use varnish to achieve an oil painting effect.
- Matte Finish:** It dries to a matte finish, which can be desirable for certain artistic effects.
- Fast-Drying:** Casein paint dries quickly, making it suitable for artists who prefer to work fast or for plain surfaces.

DID YOU KNOW?

Acrylic paint should be mixed with a medium, not water, to keep its color and quality. Water can thin out the binder that holds the pigment, which affects the paint's performance and color.

Click here for more info on
<https://www.instagram.com/p/C-kNq5o2Vp/>

R&F Pigment Sticks Sets

Pigment sticks are oil paints manufactured with enough wax for the paint to be molded into a stick form, allowing the painter to draw or paint directly onto a surface without brushes, palettes, paint tubes or solvents. These pigment sticks are made in small batches, carefully milled and molded using beeswax and natural plant wax, linseed oil and pigment, with no additives, extenders, substitutes or facilitators, allowing for a softer consistency and for greater film strength.

Pebeo Brush Sets

A paint brush, often described as an extension of the the artist's hand, is defined by a great number of characteristics, which explains why there are so many different kinds, with different handles, ferrules, sizes and shapes of head and bristle types. The choice of a brush, like that of a painting knife, is just as important as the choice of a paint or painting surface. Pebeo entered the brush market in 1994 and has since developed its range with the same values that have made the company's reputation in the fine arts world: quality and innovation.

Kohinoor Polycolor Pencil

The pigments in Polycolor are highly concentrated and perfectly dispersed throughout the entire Polycolor color range. Polycolor pencils also maintain excellent light permanency, creating vibrant, durable pieces of art. Another key component of the Polycolor pencil is the use of the special oils in the pencil lead. These oils, along with other binders, allow the Polycolor pencil to create dense, even strokes without the use of heavy pressure. The 3.8mm lead gives a broad edge is excellent for shading, while a finely sharpened point creates exquisite detail.

Kohinoor Mondeluz W/C Pencils

Kohinoor Mondeluz Aquarelles also maintain excellent light permanency, creating vibrant, durable pieces of art. A component of the Mondeluz Colored Aquarelle Pencil is the use of the highest quality bleached kaolin white clay. This clay gives these colored pencils an unsurpassable ability to make dense strokes that lay down beautifully on many surfaces. The finest binders and additives are also combined into this unique formula to ensure excellent solubility of all components.

Progresso Woodless Coloured Pencils Sets

Koh-I-Noor uses rich, top quality pigments for their Progresso woodless pencils. These pigments are highly concentrated and perfectly dispersed throughout the entire Progresso woodless color range. Progresso pencils also maintain excellent light permanency, creating vibrant, durable pieces of art. Another key component of the Progresso woodless pencil are the special oils used in the pencil lead. These oils, along with other binders, allow the Progresso woodless pencil to create dense, even strokes without the use of heavy pressure. These 7.6mm lead diameter are not encased in wood like other pencils; this reduces the loss from sharpening and maximizes the use of the entire lead. The end result is water-resistant, non-toxic and suitable for all artists.

Sienna Counterweight Easel

The easel is counterbalanced by standard weight plates (not included), that can be purchased at any sports equipment store. The three versatile canvas holders can accommodate small 8"x10" painting panels up to giant 72" tall canvases, and anything in between. Once you see how versatile and easy the Sienna Counterweight Easel is to use, you will never want to paint on anything else. Features: Counterbalanced lifting and lowering of the easel carriage. Lift or lower with a touch of the handle. Two knobs lock the easel carriage in place so the easel will never move unless you want it to. Change from a standing to sitting work position in seconds by adjusting your painting height. The Sienna Studio Counterweight Easel is the perfect blend of function, style, and ease of use. Adjust the working height of your canvas simply by lifting or lowering the handle. No more loud winches, complicated cranks, or awkward height adjustment knobs. Three canvas holders provide maximum flexibility. The top and optional lower canvas holder (included) feature panel clips for holding thin painting panels. Unique clamping discs provide substantial clamping power and won't mar the wood surface of the easel. Center mast extends when painting extra large canvases over 48" tall. Substantial rubber bumpers elevate and grip your canvas for nonslip ease of painting. ..Adjust the tilt of the easel from the front; no awkward fumbling with knobs on the rear of the easel. With a compact 30" x 30" footprint and only 67" tall, this easel is great for small as well as large studios. Casters provide mobility when you need to move your easel. Four 5lb standard weight plates counterbalance the easel. An additional 2-1/2 pound plate is needed when using the optional lower canvas holder. [30SIECTSSCWE](#) Reg. \$3697.50 | **Sale \$2495.00**
